49th Erzgebirgstaubenschau in Großolbersdorf, Germany

The traditional Erz Mountains Show in Großolbersdorf is the first highlight of the show season for the color pigeon breeders. The visitors and friends of our birds could see more than 2000 pigeons in excellent quality. Thanks so much Jörg Wolf and his team for the great organization of the show.

In the next year we will celebrate the 50th anniversary of the show. Please enjoy the photos from the show hall and the excellent birds.
